**DATE:** 13 January 1955

**SUBJECT:** Conference with Colonel T. Babbit, FCDA.

1. On 12 January, the undersigned conferred with Colonel Theodore Babbit at the Federal Civil Defense Agency. Purpose of the visit was to inquire as to costs of civil defense measures in the US. It is thought that these may be of some value in estimating costs of Russian civil defense activities.

2. Colonel Babbit was cordial, but felt most cost figures were in Battle Creek. He took fairly extensive notes on our requirements and promised to do his best to expedite a search for useful figures. He will call this office as soon as he locates any material of value.
